Half-day excursion to Viña Cousiño Macul

Viña Cousiño Macul is one of the oldest vineyards in the Maipo Valley and the only one that has been managed since the 19th century by the founding family. It is located in the foothills of the Andes mountain range, no more than 45 minutes from your hotel in Santiago. Their Cousiño Macul wines are produced, vinified and bottled at origin, which places them at the same level as international quality wines.
